County This paper describes visual-based behaviors for
docking operations in mobile robotics. Two different
situations are presented: in the ego-docking, each robot
is equipped with a camera, and the motion is controlled
when docking to a surface, whereas in the eco-
docking, the camera and all the necessary
computational resources are placed in a single external
docking station, which may serve several ...

billing, books on Amazon Cheap Reads are organized
by rating to help the cream rise to the surface.
However, five stars aren't necessarily a guarantee of
quality; many books only have one or two reviews, and
some authors are known to rope in friends and family
to leave positive feedback.
