Oversold And Underused Computers In In Oversold and Underused, one of the most respected voices in American education argues that when teachers are not given a say in how the technology might reshape schools, computers are merely souped-up typewriters and classrooms continue to run much as they did a generation ago. In his studies of early childhood, high school, and university classrooms in Silicon Valley, Larry Cuban found that students and teachers use the new technologies far less in the classroom than they do at home, and ... Oversold and Underused — Larry Cuban | Harvard University ... “Challenging 'the belief that if technology were introduced to the classroom, it would be used; and if it were used, it would transform schooling,' Larry Cuban provides a jargon-free, critical look at the actual use of computers by teachers and students in early childhood education, high school and university classrooms in Oversold and Underused. Combining an historical overview of school technologies with statistical data and direct observation of classroom practices in several Silicon ... Oversold and Underused: Computers in the Classroom: Cuban ... In Oversold and Underused, one of the most respected voice. Impelled by a demand for increasing American strength in the new global economy, many educators, public officials, business leaders, and parents argue that school computers and Internet access will improve academic learning and prepare students for an information-based workplace. Oversold and Underused: Computers in the Classroom by ... Oversold & Underused: Computers in

the Classroom (Cambridge, MA: Harvard University Press, 2001). \$27.95. ISBN 0-674-00602-X 250 p. In his newest book, Larry Cuban investigates how new technologies are used in schools.
